Maybe even better than free.

The cost of that data transfer is covered by your internet service or the data plan on your phone. There are no restrictions on the number of times a file can be downloaded. We have no file size limit. Files can be downloaded from any computer from our high speed servers. You can give this download link to your friends by mail or instant messenger. No account or credit card is required to get started. So try our free and simple filehosting service now. You decide whoyou want to share your files with. Alternatively you can choose to share your download links on blogs, forums and social networking sites. It is also allowed tolink to the download page from websites and communities. Just upload the file you want to share with your friends and we send you a download link to yourfile. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Keep your files private, or send your download links only tofriends or family. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between yourcomputer or phone and our servers, then from our servers to your friends device. Any file in any format can be uploaded and downloaded for free.Unfortunately, we can't make that part free. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat appshave limits to the size of files that can be transferred within their apps. You don't need any special software installed to be able to download your files. File isfree to use with no gotchas and no hidden fees. Our service is completely free for everyone. Files transferred the old-fashioned way tend to pile up and beforgotten about, eventually costing you money in data storage fees. When you use file, you avoid storing the file you're sending in your cloud storage or mailserver. Using file, you can circumvent those limits without paying to upgrade your team chat service. If only we could, we surely would! On the other hand,using file can actually save you money. You can upload any type of file (movies, music, documents, images, zip files and more). Simply upload your file andshare the link. filehosting provides an easy possibility for you to send large files to your friends.
